

You're invited to attend the IMUA Southwest Advisory Committee's April 2014 Regional Seminar focused on some key issues in the inland marketplace.

Join us for this full day, informative session. The seminar will include four topics with expert presenters. They will examine some current regional issues and how they impact the inland marine market.

**Land-Based Drill Rigs and Basic Physical
Damage Coverage**

- "Skipper" Bryan, G.S., Bryan & Associates, Inc.

**Lightning Damage and Static Ignition Prevention
in the Oil & Gas Industry**

- Bruce Kaiser, Lightning Master Corporation

**Building Wind Analysis and Roof-Mounted
Equipment Analysis**

- Bill DesPres and Kevin Furlow, Zurich North America

Inside the Dallas Midtown Construction Project

- Scott Beck, Beck Ventures
